The popularity of Hawaiian securities in the Eastern money market seems to be pretty well established, by a comparison of the price secured by the late issue of Hawaiian bonds with those of various places on the mainland. Treasurer Conkling, writing by yesterday's mail to Governor Frear, tells of securities offered about the same time as those of Hawaii which brought decidedly lower prices. There were seventy-eight lots of municipal bonds offered during July, with interest at from 3½ to 5 per cent which received no offers and had to be withdrawn. The cities of Philadelphia, Rochester, Springfield, Mass., Milwaukee and other places also floated bond issues, most of which scarcely went above par.

The Bishop Estate has decided to put a stop to the Waipiole cesspool nuisance which has been vexing the Board of Health and the community for the last six months or more, and to that end will cancel the lease held by Charlie Achi, in the name of the Hawaiian Land Company. The lease is mortgaged to Allen & Robinson Estate, and there will probably be a legal battle as a result of this action, which, however, the Bishop Estate has announced itself ready for. The estate has made arrangements for having the cesspool pumped until the territorial sewer can be constructed to take care of the situation.

### PEACE RESOLUTIONS ARE FINELY ENGROSSED

A finely engrossed copy of the resolutions passed at the Dr. Jordan meeting at the opera house last Tuesday evening has been prepared and is in the possession of A. Lewis, Jr., chairman, to be forwarded to the headquarters of the American Association for International Conciliation, in New York. The engrossing was done by Circuit Judge W. J. Robinson, and is a very artistic job. Mr. Lewis this morning expressed himself as greatly pleased with it, and will take pride in transmitting Honolulu's resolution, with the hope that it will be a strong influence to bring the next world's peace congress to this city.

### A NEW ENTERPRISE.

In these rapid days when our great inventors are developing the mechanical wonders of earth, air and sea, it is gratifying to know the more humble needs of domestic science have not been neglected. Good, practical, up-to-date cooking appliances and laundry machines are as important to a woman as flying machines and ocean greyhounds are to men.

The Hawaiian Domestic Utilities Company will give a demonstration every afternoon at 2 o'clock, at the offices of the Honolulu Gas Company, Ltd., of the Vacuum Clothes Washer and the 4 B Portable Stove—two splendid inventions which have won special favor in a thousand homes on the coast. It is a rare treat to see how they reduce kitchen and laundry work to a minimum and make of woman's work a pleasant task.
